Safety Instructions:

- The mat must be earthed in order to achieve optimum effect and performance.
- Do not use the mat with sharp objects or over sharp edges.
- Ensure that the push-button connection is used correctly to avoid injury.
- Take care when using in areas where liquids are present to minimise the risk of slipping.
- Before use, ensure that all accessories are correctly attached.
- Take care when using on damp or wet surfaces to avoid the risk of slipping.
