Safety Instructions:

- Ensure safe use by providing a stable stand.
- Keep away from use by children, as there is a choking hazard due to small parts.
- Check for correct assembly and strength before use.
- Suitable for rollers up to 400 mm, which must not be overloaded.
- Avoid damage due to improper handling.
- Ensure that the product has been designed and manufactured in accordance with the safety requirements of Regulation (EU) 2023/988.
- Ensure that clear instructions and safety information are provided in a language that is easy to understand.
- Check the safety of the product regularly and adapt the technical documentation if necessary.
- Inform consumers about safety problems and take corrective action if necessary.
