Please note the technical data of the products!

Article Numbers: 131145, 131144

Safety Instructions:

- Make sure that the mat is placed on a stable and non-slip surface to prevent accidents caused by falling.
- Avoid placing the mat in areas with high traffic to minimise the risk of tripping.
- Clean the mat regularly to ensure good visibility of the safety marking and do not use cleaning agents unsuitable for PVC in order to maintain the integrity of the mat.
- The mat should be checked regularly for wear and visible damage; in the event of damage, discontinue use immediately and replace.
- Avoid contact of the mat with open flames or hot surfaces, as it is not flame-retardant.
- The mat is not suitable for use in wet or damp environments in order to minimise the risk of slipping accidents.
- Pay attention to the safety edges of the mat, as they help to ensure visibility and prevent tripping accidents.
