Article Numbers: 186400, 186399, 185409, 185407, 185406, 185405

Safety Instructions:

- Choking hazard due to small parts that can be swallowed. Not suitable for children under 3 years of age.
- Safety note: Keep the office perforator out of the reach of children, as it can be considered dangerous if handled incorrectly.
- Beware of injuries caused by the punching mechanism when using the office perforator. Fingers can become trapped and sharp edges can occur. Use under adult supervision is recommended.
- Before use, ensure that the finger guard is functional.
- Only use the office perforator on a stable and non-slip surface to prevent it from slipping.
- Make sure that the paper stack does not exceed 30 sheets, as overloading can lead to damage.
