Safety Instructions:

- The desk should be assembled and used in accordance with the instructions to avoid stability problems and damage.
- Make sure that the desk is placed on a stable and level surface to prevent it from wobbling or tipping over.
- Avoid excessive load on the table top; pay attention to the specified load capacity to prevent structural damage and tipping over.
- Regular inspection and tightening of loose screws and connections ensures stability.
- Protect the desk from moisture and water sources to prevent damage and loss of longevity of the materials.
- The desk should only be used for its intended purpose; improper use can lead to injury.
- Carry out self-assembly with suitable tools and in accordance with the safety instructions to avoid injury.
- Protect the desk from excessive heat and prevent the use of sharp objects to avoid scratches and damage.
- Keep small parts and accessories away from children to minimise the risk of injury and choking.
- Use the concealed cable routing properly to avoid tripping hazards.
- Only use mild cleaning agents and damp cloths for cleaning to avoid damaging the surface.
- The product is designed for indoor use; avoid outdoor applications.
- Only materials that do not pose a health risk according to European standards should be used.
- Warning of sharp edges: Take care when assembling and using the desk to avoid the risk of injury.
