Safety Instructions:

- Make sure you use the correct technique when lifting the desk to avoid injury.
- Do not use force when adjusting the height to avoid damage.
- Make sure that all parts are properly assembled to ensure stability and safety.
- Regularly check that all screws and connections are tight to ensure safety.
- Keep children and pets away from the desk during assembly and use.
- Avoid hanging or placing heavy objects on the table to prevent it from tipping over.
- Ensure that the desk is stable on a level surface to prevent it from tipping over.
- Use a cable duct to minimise the risk of tripping over cables.
- Adjust the floor levelling screws correctly to compensate for wobbling and unevenness.
- Follow the installation instructions exactly to ensure safe and error-free installation.
- Pay attention to sharp edges and corners to avoid the risk of injury.
- When using the height-adjustable mechanism, ensure that no parts of the body are trapped.
- The height adjustment should only be carried out by adults to avoid injury.
- Regular checks of the stability and safety of the table frame are generally recommended to prevent it from tipping over.
- Ensure that the desk is protected from direct sunlight and moisture to prevent material damage.
- Consider using edge protection if the desk is set up in areas for children.
- Not suitable for children under 3 years of age due to small parts that pose a choking hazard.
- Only use the product in the intended environment (office or work environment).
- Please note that the desk is height-adjustable; set the correct height before use.
- Avoid placing heavy objects on the tabletop to prevent damage.
- For self-assembly, please follow the enclosed instructions exactly.
- Self-assembly may require several people to ensure safety during assembly.
- Keep the desk away from sources of water to prevent damage to the wooden surface.
- Keep small parts out of the reach of small children to avoid the risk of choking.
- Assembly should be carried out by a person with manual skills.
- The desk is not suitable for children under the age of 14, as there is a risk of injury.
- Assembly should only be carried out by adults.
- Avoid using the desk as a climbing aid or for other unintended uses.
- Regularly check the bolts and screws for tightness.
