Safety Instructions:

- Ensure that the container is stable and placed on a stable surface to prevent it from tipping over.
- Protect edges and corners from contact to avoid injury, as the product may have sharp edges.
- Observe the recommended maximum load on the inlay shelf to avoid structural breakage.
- Place products out of the reach of small children to avoid accidents. Not suitable for children under 3 years of age due to choking hazard from small parts.
- Read the operating instructions thoroughly before use and carry out installation in accordance with the enclosed instructions to ensure safe use.
- In the event of damage, the product must not be used any further; contact a specialist for the safe installation location of the container.
- Avoid placing heavy objects without the correct support to prevent them from tipping over or colliding.
- Keep the container away from moisture and extreme temperatures to prevent material damage.
- Products are not suitable for outdoor use as they could be damaged by the weather.
- The melamine-coated surfaces are protected against scratches and liquids, but keep sharp objects away.
