Safety Instructions:

- Ensure that the mobile pedestal does not tip over when it is loaded with heavy objects and is used on hard, level surfaces.
- Avoid overloading the shelves to ensure stability and structural integrity.
- Regularly check the castors and brakes to ensure that they are in good working order. There is a risk of tipping when used on uneven surfaces, therefore stabilise.
- Observe the maximum load capacity of the castors to ensure safety during use.
- Risk of crushing and slipping due to improper handling and use on the wrong floor.
- Warning of the risk of small children pulling out objects or getting underneath. Not suitable for children under 3 years of age due to the risk of choking on small parts.
- The product is not suitable for children; it is office furniture.
- Note: Keep the roller container away from sources of water to avoid possible damage.
