Safety Instructions:

- This piece of furniture is intended for adults; supervision of children is recommended and it is not suitable for children under 3 years of age due to small parts.
- Place the cabinet or furniture on a stable, level surface to prevent tipping or tipping over.
- Ensure that the cabinet or piece of furniture is stable; place heavy objects in the lower area and do not load heavy objects onto the upper shelves.
- Read and follow the operating instructions carefully before installation. Two people should be available for installation to avoid injuries.
- Only use the materials supplied for installation and install according to the instructions provided in order to minimise safety risks.
- Regularly check the stability of the shelves; the maximum load capacity must not be exceeded in order to avoid structural damage. Avoid heavy loads and do not overload shelves.
- Avoid use on uneven or soft floors and ensure that the castors, if fitted, are correctly attached and secured; if brakes are fitted, activate them.
- Check the smooth operation of roller shutter mechanisms and avoid injuries caused by crushing when closing.
- Do not use aggressive chemicals for cleaning to avoid damaging the surface.
- Keep the cupboard away from moisture to prevent mould growth.
- The cupboard should not be used as a toy, staircase or for support when climbing in order to avoid injuries.
- Handle sharp edges carefully to prevent injuries.
- Keep doors closed to avoid injury from crushing.
- This product should only be used for its intended purpose.
