Safety Instructions:

- Risk of suffocation due to loose parts when assembling or destroying cardboard/packaging.
- Risk of collision when opening and closing the lockable doors.
- Ensure that the furniture/filing cabinets are on a stable and level base to prevent tipping.
- Make sure that the product is stable and securely mounted to prevent it from falling over.
- Avoid overloading the shelves to prevent breakage and injury.
- Protect the product from frequent ingress of moisture and direct heat to prevent damage to the materials.
- Keep sharp objects and chemicals out of the reach of children.
- Check regularly that all parts and screws are properly tightened.
- Make sure that heavy objects are stored below shoulder height to avoid injuries.
- Keys for locking the cabinet should only be used by authorised persons.
- Only use the filing cabinet in accordance with the manufacturer's instructions and recommendations.
