Safety Instructions:

- For safe use, read the instructions before use. The product should be used in accordance with the instructions provided to avoid accidents or injury.
- Make sure that the load capacity of 25 kg is not exceeded. The product should not be overloaded; the maximum load capacity per suspension file drawer is 25 kg.
- The product is only suitable for indoor use. Only use the product for its intended use in the office.
- The product is not suitable for use by children under 3 years of age, as it contains small parts that can cause a choking hazard.
- Do not use if damaged or worn. Carry out regular checks for possible damage or wear and tear to minimise safety risks.
- Ensure that the installation instructions are made available to consumers in a language that is easy to understand. Safety instructions for installation: Please ensure that the installation is carried out correctly to avoid accidents.
- The product may become unstable if the assembly instructions are not followed. Read and follow the installation instructions carefully before use.
- Do not climb or stand on the hanging file drawer to avoid falling.
- When using, ensure that the suspension file drawer is securely attached to the shelf.
