Please note the technical data of the products!

**Article Numbers:** 14497, 14496, 14348, 14345

### Safety Instructions:

- Caution: Cabinet can tip due to high loads, ensure that it is properly anchored.
- Only transport the cabinet with assistance to avoid injury.
- The lock is not a children's toy; children should not be left alone with the cabinet.
- Please follow the care and cleaning instructions to avoid damaging the surface.
- Ensure that the cabinet is standing on a stable, level surface to prevent it from tipping over.
- Use drawers only within their intended load capacity; avoid excessive weight to prevent damage and injury.
- Do not use the cupboard as a ladder or to raise it.
- The product is deposited for indoor use only.
- Harmful chemicals in materials must be handled in accordance with the safety data sheets.
- Avoid stacking heavy objects on top of the cabinet to prevent it from tipping over.
- Ensure that the drawers are properly closed to prevent contents from falling out.
- The product should not be overloaded to prevent damage to the drawers or the structure.
- Carry out regular checks of the fittings and locks to ensure that they are working properly.
- Use the rotary knob and the cylinder espagnolette lock properly to ensure the security of the cabinet contents.
- Keep the cabinet away from sources of water to prevent damage to the chipboard.
