Safety Instructions:

- Watch out for sharp edges or corners to avoid injury, especially during assembly.
- Use the height adjustment and floor levelling screws to ensure optimum stability and safety; check the setting regularly.
- Ensure that all parts are properly assembled and that the panels are stable and securely mounted to prevent tipping and the risk of falling.
- Keep the product away from moisture to prevent damage to the coating.
- Assembly should be carried out in accordance with the enclosed instructions to ensure that all parts are correctly assembled.
- Suitable for the intended use, especially not for heavy-duty applications without additional safety measures.
- Keep small parts such as ABS edging away from small children to avoid the risk of choking.
