Safety Instructions:

- Not suitable for children under 3 years of age due to small parts that may pose a choking hazard.
- Ensure that the shelving is securely mounted and stable to prevent tipping and the risk of falling. Always set up furniture so that it cannot tip over.
- Keep the installation instructions and safety instructions in a safe place.
- The product should be used under adult supervision, especially with young children.
- The product is made of melamine resin-coated materials; improper handling or excessive pressure can lead to damage. Assembly must be carried out in accordance with the instructions.
- Observe the maximum load on the shelves to reduce the risk of collapse.
- Avoid stacking heavy objects on the top shelves to prevent them from tipping over.
