Please note the technical data of the products!

**Article Numbers:** 45042, 45041, 45040

### Safety Instructions:

- Avoid tipping over: Ensure that the shelving is stable and secured against tipping over, especially when using adjustable shelves and a load above the maximum load capacity.
- Follow the installation instructions: Follow the installation instructions carefully to avoid improper installation that could jeopardise safety.
- For indoor use only: Product components are only suitable for use in dry indoor areas.
- Correct connection: When assembling, make sure that all parts are correctly and securely connected to ensure stability.
- Observe the maximum load: The maximum load on the shelves must not be exceeded in order to avoid the risk of collapse.
- Heat protection: The product should not be placed near heat sources or in direct sunlight to avoid discolouration and material damage.
- Keep children away: Keep children away from the product to avoid injury from falls or improper use.
- Sharp edge protection: Ensure protection against sharp edges and corners to prevent injuries.
