Safety Instructions:

- Assemble carefully and ensure that the furniture is placed on a stable surface to ensure stability.
- Ensure that sharp edges are avoided and that suitable safety precautions are taken when using sharp tools to prevent injuries.
- When using spacers, ensure that they are inserted correctly.
- Do not allow children access to unsecured furniture and keep small parts away from children to avoid the risk of suffocation.
- Attention: Cupboard walls can be unstable, secure them to the wall.
- Please ensure that the maximum load limits are not exceeded.
- Make sure that the shelves are stable and securely installed to prevent them from tipping over.
- The product is not suitable for children under 3 years of age.
- Avoid contact with water and damp environments to prevent damage to the coating.
