Safety Instructions:

- The drawer insert should not be loaded beyond the recommended maximum load to ensure stability and safety.
- The product is intended for indoor use only and must not be used in humid environments; do not store near moisture.
- Keep the product away from children to avoid the risk of injury.
- Avoid sharp objects that can scratch the surfaces of the product. The surface is sensitive to sharp objects; direct contact with sharp objects should be avoided.
- Assembly instructions must be followed carefully to ensure safe use; careful assembly prevents tipping, especially in the case of high installations.
- Make sure that the drawers are completely closed before moving or loading the cabinet.
- Do not use the drawer insert as a chair or for support when standing up.
- Keep away from fire and other flammable materials.
- The permanent use of the product requires that it is regularly checked for stability and damage.
- Do not write, paint or stick any materials on the surface, as this may cause permanent damage.
- Make sure that no heavy objects are pulled onto the drawers so as not to damage the mechanism.
- Avoid standing liquids on the surfaces to prevent the material from swelling and warping.
