### Safety Instructions:

- Ensure that the cabinet is placed on a stable and level surface to prevent it from tipping over.
- Use and assembly should be carried out in accordance with the enclosed instructions in order to avoid injury.
- Avoid using excessive weights, especially on the shutters, and ensure that the weight is evenly distributed to prevent damage and stability problems.
- Ensure that the product is not set up near heat sources to prevent damage to the material.
- Avoid using harsh or chemical cleaning agents that could damage the wood.
- Please ensure that children do not play with or climb on the cabinet to avoid injury and keep small parts or fasteners away from children.
- Regularly check that all moving parts are working correctly to avoid injury.
- Check the product regularly for safety-relevant defects and pay particular attention to sharp edges or protruding parts.
- The cabinet may only be used for its intended purpose.
