Safety Instructions:

- Place the filing cabinet on a level surface and in a stable position to ensure stability and safety.
- Avoid overloading the shelves and inserts beyond the recommended load capacity to prevent breakage and tipping.
- Secure the filing cabinet to the wall to avoid the risk of it tipping over and to prevent injuries from falling over.
- Store heavier objects in the lower section of the cupboard to ensure stability.
- Pay attention to rounded edges and ensure that there are no sharp edges or corners to avoid injury.
- Keep the filing cabinet away from direct sunlight and moisture to prevent discolouration and material wear.
- Only use mild cleaning agents to clean the melamine resin-coated surfaces, do not use aggressive chemicals to avoid damage.
- Ensure that children do not have access to small parts or open compartments to avoid the risk of suffocation and injury.
- Carry out assembly in accordance with the enclosed instructions to ensure safety and stability.
- Use the filing cabinet in accordance with the specified maximum load limits for the shelves.
- Keep sufficient distance from heat sources to avoid burns and material damage.
