Safety Instructions:

- Only use the product for its intended purpose and in accordance with the installation and operating instructions.
- The cabinet should be installed firmly and stably, preferably on a level surface to prevent it from tipping over.
- When installing, follow the manufacturer's instructions exactly and use suitable tools.
- Avoid using the cabinet in damp environments and protect it from heat to prevent material damage.
- Do not overload: Adhere to recommended loads to ensure stability and safety.
- Edges and corners can cause injuries: Be careful when handling and during assembly.
- The cupboard should be made childproof, keep small parts and accessories away to avoid the risk of suffocation.
- The cabinet must be secured to the wall to prevent it from tipping over.
- The doors of the cabinet should not be blocked and should always be secured to prevent injury.
- The stability and condition of the furniture must be checked regularly.
- Keep the cabinet away from children's hands and place it in childproof areas as it is not designed for use by children.
- Only suitable for indoor use.
