Safety Instructions:

- Caution! Small parts can be a choking hazard for children. Not suitable for children under 3 years of age.
- Caution: The cable clip must be attached to a clean, dry surface to ensure optimum hold. Avoid use in areas with high temperatures or humidity.
- The product must not be used near moisture or water to avoid adhesion problems and electrical hazards.
- Ensure that the cable clip is installed correctly to avoid accidents. If used incorrectly, there is a risk of detachment, which can set cables in motion.
- Use on sensitive surfaces can lead to damage. Therefore, test the surface before use.
- Not suitable for use by children under 3 years of age due to small parts.
- Make sure that the cables are not too tight to prevent the bracket from breaking.
- Do not load beyond load limits.
- Disposal instructions: Dispose of the product after use in accordance with local regulations for plastics.
- Do not use the product near sources of heat or naked flames.
- Sharp edges may be present; take care when installing.
