Safety Instructions:

- Ensure that the executive chair fulfils the stability and strength requirements to prevent accidents.
- Provide clear instructions on how to use the rocker mechanism safely.
- Attach a note on the maximum load capacity of 110 kg.
- When using on carpeted floors, ensure that the soft floor castors are correctly installed to minimise the risk of tipping over.
- Provide instructions on how to correctly adjust the backrest and lumbar support to avoid back problems.
- Provide safety information regarding use in the vicinity of electrical equipment to avoid the risk of electric shock.
- Child-safe assembly instructions in case the chair is accessible to children.
