Article Number: 285182

Safety Instructions:

- Ensure that the shelf is on a stable and level surface to prevent it from tipping over.
- Take care not to load the shelf beyond the maximum load capacity of 50 kg per shelf.
- Use the existing levelling screws in the plinth to compensate for unwanted movements of the shelf on uneven floors.
- When organising the compartments individually, ensure that the stability of the shelf is not impaired.
- The shelf should only be used for its intended purpose; avoid stacking objects that could destabilise the shelf.
- Keep the shelf away from children or ensure that it is properly assembled to avoid injury.
