Safety Instructions:

- Maximum load per shelf is 50 kg; avoid overloading.
- Only set up the cabinet on a stable, level surface to prevent it from tipping over.
- Secure/adjust the floor levelling screws to ensure secure stability.
- Remove the tilt key after use/locking to prevent unauthorised access.
- Make sure you close doors properly to avoid accidents.
- Read the operating instructions carefully before use.
- Avoid placing heavy/blocking objects on doors to prevent damage.
- Do not place the cabinet near sources of heat or moisture to prevent material damage.
- Choking hazard due to possible loose small parts; place in a childproof location.
- Risk of injury due to the weight of the shelves during installation or modification.
- Regularly check the hinges and locks for wear and tear, especially if they are subject to heavy use.
- Take care with sharp edges or corners, especially if handled improperly.
- Ensure that the cabinet is not loaded beyond its intended use.
