### Safety Instructions:

- Check that the cabinet is stable and standing firmly on a stable, level surface to prevent it from tipping over.
- Maximum load per shelf is 50 kg. Ensure even weight distribution.
- Securely fasten the cabinet to the floor or wall to prevent it from tipping over, especially under heavy loads.
- Avoid sharp and pointed objects during assembly and keep the cabinet dry every day to prevent damage.
- Take care when opening and closing the doors to avoid the risk of crushing. Ensure that the doors are not blocked.
- Use the supplied tilt key and keep it in a safe place to prevent unauthorised access.
- Do not use cupboards as stairs or shelves and do not overload them to avoid damage.
- The product is not suitable for outdoor use and should be protected from water and extreme temperatures.
- The product is not suitable for children under 3 years of age. Children should be supervised during use.
