Safety Instructions:

- The cabinet must be placed on a stable, level surface to prevent it from tipping over.
- Avoid overloading the shelves. The maximum load is 50 kg per shelf.
- Assemble the cabinet according to the instructions to ensure safe use.
- Anchor the cupboard to the wall to prevent it from tipping over.
- Cabinet doors are secured with a three-point espagnolette lock. Ensure that they are properly locked to prevent unauthorised access.
- Keep the cabinet away from sources of water and moisture to prevent material damage.
- The cabinet is not suitable for children or as a toy; ensure that children do not play unsupervised near the cabinet.
- Only use the cabinet for its intended purpose of storage and not as a staircase or safety device.
- Observe safety regulations when assembling and handling the packaging.
- Use a mild detergent for cleaning and avoid abrasive materials.
- Do not use the cabinet to store flammable materials.
- Clothing or other items should be evenly distributed in the wardrobe.
