Safety Instructions:

- Observe the maximum load capacity to ensure stability. Do not exceed the load capacity of the table to prevent tipping or breaking.
- Avoid sharp edges and corners to prevent injuries. The product is not suitable for children under 6 years of age due to the risk of suffocation from small parts and sharp edges.
- During assembly, ensure that all parts are correctly fastened.
- The product should only be used for its intended purpose. Only use the table for its intended purpose and avoid excessive heat or moisture.
- Check regularly for wear and damage to ensure safety. Make sure that the table is stable and does not slip due to the glides. Regular checks are also necessary to ensure that small objects cannot get caught in the height adjustment.
- Ensure that the table is placed on a stable and level surface to avoid the risk of it tipping over. Do not place excessive loads on the table to prevent it from tipping over.
- To avoid injury, do not use the table as a staircase or for sitting exercises.
- Avoid excessive hanging or pressing on the edge of the table to prevent damage to the structure.
