Safety Instructions:

- Be aware of possible tripping and suffocation hazards due to the table frame.
- Only use and install the table connection panel in accordance with the instructions to avoid the risk of electric shock.
- Ensure that no parts of the body are trapped when adjusting the height and be aware of the risk of injury.
- Regularly check the stability of the table frame and the adjustment screws and ensure that the table is properly assembled and fixed to prevent it from falling over or causing accidents.
- Risk of slipping due to improper use or inadequate underlay.
- Not suitable for children under 3 years - choking hazard due to small parts.
- The table must not be overloaded. The maximum number of users and load capacity should be observed.
