Article Numbers: 54021, 54020, 54019, 144537

Safety Instructions:

- Ensure that the table top is securely fastened to prevent it from falling over.
- Avoid overloading the table by not exceeding the weight of 8 people.
- Adjust height-adjustable parts securely to avoid sudden movements or risk of crushing; keep hands away to prevent injury.
- Regularly check the table structure for wear or damage to minimise accidents.
- Keep the table connection panel free of liquids and avoid overloading to prevent short circuits or electric shocks.
- Install electrical connections in accordance with safety standards and keep children away from electrical appliances.
- Make sure that small children do not use the table as a climbing aid to prevent injuries.
- Take care to avoid sharp edges to prevent injuries caused by the table frame.
- Ensure that the table remains stable and does not tip over even when fully loaded.
- Keep the surface of the table free of objects to minimise the risk of tripping.
- Use only for the intended purpose (conferences, meetings, workshops).
- Do not use harsh chemicals when cleaning to avoid damaging the material.
