E-Mail: info@klain.de

Please note the technical data of the products!

Article Numbers: 54027, 54026, 54025

Safety Instructions:

- Ensure that the conference table is stable on the floor and that the height is correctly adjusted to avoid the risk of tipping and falling over. Avoid leaning on the edge of the table.
- When assembling the table, ensure that all parts are correctly and securely fastened to avoid the risk of injury from loose parts.
- The use of the table by children should be supervised. The product is not suitable for children under the age of 12. Ensure that there is no risk of injury from pinching or falling.
- Ensure that electrical connections are used correctly and carefully to avoid the risk of electric shock. The table connection panel must not become damp and devices should not be connected with an overload.
- Make sure that the controls are not overtightened when adjusting the height and that adjustments are not made too quickly or incorrectly to avoid the risk of injury.
- Caution: Choking hazard due to small parts in the table connection panel.
