Safety Instructions:

- Pay attention to sharp edges and corners to minimise the risk of injury.
- Do not exceed the maximum load limit: 60 kg for pull-outs. Observe the maximum load capacity for drawers and shelves to avoid overloading.
- Ensure that all interlocks function properly and check them regularly to ensure safety.
- Only use the product for its intended purpose. Avoid unauthorised use by children and keep them away from moving parts and locking mechanisms.
- Check the stability of the cabinet regularly and place it on stable, level surfaces to prevent it from wobbling or tipping over.
- Only use the supplied or recommended materials and suitable tools for installation. Follow the installation instructions carefully.
- Heavy objects should not be stored above the permitted load limits of the drawers in order to avoid damage.
- Avoid aggressive cleaning agents to prevent damage to the surface.
- In the event of an accident or damage, contact the manufacturer or seller immediately.
