Safety Instructions:

- Ensure that the assembly instructions are followed to prevent injuries and falls. Use on stable, level surfaces to prevent tipping over.
- Product is not suitable for children, affix clear age labelling and store out of the reach of children to avoid risk of injury or suffocation.
- Keep packaging and small parts away from children to avoid the risk of suffocation.
- Be careful when using sharp tools and avoid sharp edges to prevent cuts. Provide protective measures against sharp edges and corners.
- Ensure that the installation instructions are easy to understand and are included. If necessary, have the work carried out by qualified personnel.
- Check cabinets regularly for stability and damage. In the event of malfunctions or damage, contact the manufacturer and stop using the product.
- Only use the product for its intended purpose in order to avoid improper use and instability. Do not use any materials or components that are not intended.
- Protect the product from improper use, hot water, moisture, direct sunlight and heavy loads.
- Identify smaller parts to minimise the risk of injury. The product should not contain any dangerous parts.
