Please note the technical data of the products!

Article Numbers: 15559, 15558, 15305, 15304, 110990, 101412

Safety Instructions:

- Make sure that the pedestal stands on a stable, level surface to prevent it from tipping over.
- Keep small parts and objects away from children to avoid the risk of choking.
- Self-assembly should be carried out by a competent person with manual skills and using the instructions provided correctly.
- Adults should take care of children when assembling and using the container to avoid injury.
- The pedestal and other furniture are not suitable for outdoor use.
- Avoid excessive weight in the drawers and do not overload them to prevent damage and malfunctions.
- Drawers should always be closed when the container is not in use to prevent injury.
- Before assembly, all parts and tools should be available and the instructions carefully followed.
- The height adjustment functions must work properly to ensure stability without the container slipping.
- Use the central lock and locking devices properly to protect contents and prevent unauthorised access.
- When using the lockable drawers, make sure that keys are not left unsecured and that the utensil drawer is properly locked to prevent contents from accidentally opening and falling out.
- Avoid sharp edges and do not make any changes to the structure of the container to avoid injury.
- When moving the pedestal container, ensure that no parts of the body are trapped to prevent injuries.
