Safety Instructions:

- Ensure the stability of the product before use, especially with a maximum load of 300 kg.
- Ensure that the workbench is placed on a level surface to prevent it from tipping or wobbling.
- Use the floor levelling screws to ensure a stable base.
- The use of plastic glides can affect the mobility of the workbench; make sure that the workbench does not slip.
- In the event of damage or wear, ensure the integrity of the worktop and the steel frame.
