Safety Instructions:

- Place the reception counter on a level and stable surface to prevent it from wobbling or tipping over.
- Height-adjustable elements should only be operated by one person and the mechanisms must function properly before use.
- Care must be taken when handling sharp edges or corners to avoid injury.
- Ensure that the electrification flap is properly closed and used in accordance with the manufacturer's instructions to avoid the risk of electric shock or short circuits.
- Protect the product from moisture and direct sunlight to prevent damage.
- Do not overload the reception desk to ensure its stability.
- Ensure that the height adjustment is only carried out in accordance with the instructions in order to avoid damage.
- The reception desk should only be installed under the supervision of an adult. Improper assembly can cause safety risks.
- Do not use chairs with castors at the counter to avoid damage or falls.
- Make sure that no children play unsupervised near the counter to avoid the risk of injury.
