Safety Instructions:

- Ensure that the product is installed and used correctly.
- Take care not to exceed the worktop load capacity of up to 1.2 tonnes.
- The maximum load capacity of 1.2 tonnes must not be exceeded in order to avoid structural damage and accidents.
- Avoid slipping or wobbling by setting up the workbench in a stable position.
- It should only be used by trained persons in order to avoid injuries.
- Avoid overloading the drawers.
- When using drawers, ensure that they are not overloaded and that fingers are not trapped.
- Wear suitable protective clothing, such as gloves and safety goggles, when working with heavy materials.
- Keep the workbench clean and free of obstacles to avoid injury.
- The workbench is not suitable for use by children and should be kept away from them.
- Safety instructions must be clearly and comprehensibly attached to the product.
- The workbench is not suitable for outdoor use.
