Article Number: 881999

Safety Instructions:

- There is a risk of injury from the trolley tipping over if used incorrectly.
- Ensure that the load capacity of 150 kg is not exceeded in order to avoid damage or injury.
- If necessary, use the wheel locks to prevent the trolley from rolling unintentionally.
- Pay attention to safety when handling heavy loads, especially when loading and unloading.
- For safe use, the instructions for installation and use should be observed.
