Safety Instructions:

- Ensure that the magazine trolley is only used with the maximum specified load (250 kg or 400 kg depending on the model).
- Avoid moving the trolley on uneven or slippery surfaces to prevent falls and accidents. Make sure that the surface is level to prevent tipping.
- Ensure that all wheels are properly locked when the product is not being moved to prevent it from rolling away unintentionally. The swivel castors are fitted with brakes to ensure stability during use.
- Wear suitable protective equipment when handling the trolley, especially when lifting heavy loads.
- Regularly check the stability and condition of the swivel and fixed castors.
- Read the instructions for use and safety information before first use.
- Warning: Risk of accident due to improper handling or excessive loading.
- Safety warning: Not suitable for children under 12 years of age due to the possible dangers of improper use.
