E-Mail: SalesDE@reallyusefulproducts.com

Please note the technical data of the products!

Article Numbers: 151196, 151188, 151184, 151172

Safety Instructions:

- Not suitable for children under 3 years of age as small parts can be swallowed and there is a choking hazard.
- Never place loads above the specified weight of 80 kg during storage, as improper use may result in tearing or breaking.
- If used outdoors, ensure that the box is not exposed to extreme weather conditions.
- Use only for the intended purpose to avoid damage.
- Please ensure that the box is not used near heat sources or in direct sunlight to avoid deformation.
- The box has a maximum operating temperature of 80°C; at higher temperatures the material may melt or deform. It should also not be exposed to extreme cold conditions below -15°C as this can affect the structure of the material.
- Dispose of the box in accordance with local regulations for plastic waste to ensure that it is recycled in an environmentally friendly manner.
- Avoid direct sunlight for long periods of time to prevent discolouration of the material.
- The box is stable, but there is a risk of it tipping over under heavy loads if handled incorrectly.
- Use in extreme temperatures should be avoided, as the material can be temperature-sensitive at -15°C to +80°C.
