Safety Instructions:

- Make sure that all mounting elements are properly installed and that the table base is correctly mounted to ensure stability.
- Avoid excessive loading and adhere to the weight limit recommended by the manufacturer to prevent the table from tipping over.
- The table base is not suitable for use in damp environments to prevent corrosion.
- Keep the cable duct clear and clean to ensure safe cable routing and prevent electrical hazards and fires.
- Ensure that the table base does not become a tripping hazard, especially in busy work areas.
- Avoid using the table leg as a support or step to prevent injury.
- When using optional accent strips, check their attachment regularly to prevent them from falling down.
