Safety Instructions:

- Store hook magnets safely out of the reach of children to avoid the risk of choking on small parts.
- Avoidance of overloading: The maximum holding force is 5 kg. If this is exceeded, the magnet may be damaged.
- The hook should not be used overhead in safety-critical areas to prevent it from falling and causing injury.
- Avoid contact with electronic devices to prevent interference from strong magnetic fields.
- Not suitable for children under 3 years of age - choking hazard due to small parts that can be swallowed.
- The product should only be used on stable and safe surfaces to prevent it from falling.
- Do not use for applications with high temperatures or extreme situations that could affect the material integrity.
