Safety Instructions:

- Add appropriate age labelling for use with children and ensure that use is possible without risk to health.
- Include instructions for safe use and disposal, enable registration for recalls and safety alerts.
- Packaging must be clear and easy to understand.
- Not suitable for children under 3 years of age due to choking hazard from swallowable parts.
- Keep packaging material away from children to avoid the risk of suffocation.
- Do not use the carton near fire or open flames.
- Observe the maximum load capacity and do not overload cartons to avoid tearing or structural failure.
- Do not store cartons near moisture or in direct sunlight to avoid the risk of breakage and deformation.
- Cartons are only suitable for use as shipping packaging and not for direct contact with food.
- Cannot be used as a toy for children.
- Ensure that the boxes are not crushed during transport or storage.
