Safety Instructions:

- Use suitable disinfectants to clean the surfaces, but always test on a less visible area first.
- Ensure that the table top is not exposed to excessive heat or chemicals to prevent damage.
- Avoid contact of the product with harsh or aggressive chemicals that could damage the melamine resin coating.
- The table top is made of 3-layer chipboard and should be checked for possible damage before use.
- Make sure that children do not play with the parts of the linking plate to avoid injury.
- Products not suitable for children under 3 years of age: Choking hazard due to small parts.
- Take care when using in the vicinity of children, do not use sharp objects.
