Safety Instructions:

- Avoid heavy impacts and improper handling to prevent damage to the table and injuries.
- Make sure that the table is placed stably on a level surface to prevent it from tipping over and falling over.
- Regularly check the stability of the table and the strength of all screws and connections, especially the levelling screws and connecting elements, to ensure stability.
- Use the integrated cable outlets to avoid cable clutter and tripping hazards.
- Ensure that the height adjustment is customised to avoid physical discomfort. Check this regularly to minimise safety risks and make the adjustment while standing and when the table is empty.
- The table is not suitable for children under the age of 14 without adult supervision. Keep children away from the assembly and adjustable parts to avoid injury.
- Only use the table in accordance with the intended conditions of use for the product in order to minimise safety risks and avoid overloading the table top with heavy objects.
- In the event of damage or defects, contact the manufacturer immediately and follow the manufacturer's instructions for assembly exactly to ensure stability.
- Do not use sharp or hot objects on the table surface, avoid direct contact with water or damp cloths, and do not use chemical cleaning agents or abrasive cleaners to prevent damage.
- The product is designed and tested in accordance with European standards.
