Safety Instructions:

- Extreme slip resistance for areas with oil, grease and dirt thanks to the coarsely profiled tread.
- Mechanical load capacity: 1800 kg/sqdm. Do not exceed this limit to avoid injury.
- Not suitable for children - risk of falling or injury.
- Ensure correct installation and fastening of the grating to avoid the risk of tripping and falling, on a secure and stable base.
- Protect the product from mechanical damage so as not to impair the slip resistance.
- Carry out regular inspections for wear and damage.
- Risk of slipping if used in unsuitable areas or if the surface is not suitable - take care on slippery surfaces.
