Article Numbers: 93969, 94003, 93968, 94093

Safety Instructions:

- The product should not be stored or used near extreme temperatures (below -20°C or above +100°C) as it is temperature sensitive.
- Do not load more than the maximum load capacity of 20 kg or stack heavy objects on it.
- Clean the box regularly to avoid dirt and chemical build-up and to ensure material integrity.
- Do not bring into contact with strong acids and alkalis, despite insensitivity to many chemicals.
- Do not use sharp or pointed objects in the vicinity to avoid damage.
- Avoid improper stacking to prevent tipping or falling and to support the crate securely.
- Not suitable for contact with food.
- Ensure that the product is kept out of the reach of children and is not suitable as a toy. Choking hazard due to small parts if handled incorrectly.
- Keep the open-fronted storage box away from naked flames and heat sources, as the material is temperature-sensitive and could melt or deform.
- Avoid use in very humid environments to ensure the integrity of the material.
