Article Numbers: 151530, 151529, 151528, 151527

Safety Instructions:

- Not suitable for children under 3 years. Contains small parts that may pose a choking hazard.
- The workbench must be assembled and used on a stable, level surface to avoid the risk of it tipping over. Ensure that the workbench is placed on a stable surface. Regularly check the stability and integrity of the workbench.
- Make sure you use suitable personal protective equipment (PPE), especially gloves and safety goggles, to prevent injuries. Protect yourself from possible injury when working.
- Designed for commercial use. May not be used for private applications without the manufacturer's consent.
- Avoid contact with sharp edges or moving parts. Take care to move heavy objects using suitable lifting techniques to avoid back injuries.
- Keep the work area clean to minimise tripping hazards and prevent accidents. Always keep the work area tidy and free of obstacles.
- Follow all safety guidelines for electrical equipment when working on the workbench.
- The workbench may only be used by adults under the supervision of qualified personnel.
- Do not use the drawers as a step.
- Make sure that no loose parts or tools are hanging over the workbench.
