Safety Instructions:

- Beware of the risk of injury from sharp edges of the worktop. Avoid contact with sharp edges or surfaces during use.
- Observe the maximum load capacity of 1.2 tonnes. Ensure that the maximum load capacity is not exceeded in order to avoid the risk of tipping or falling over.
- Follow the safety instructions for use to avoid accidents. Only use the workbench for its intended purpose.
- The product may tip or fall over if not assembled correctly. Ensure that the workbench is stable and placed on a stable surface.
- Comply with regulations on the correct use of drawers. Ensure that all drawers function correctly and are closed securely to avoid injury.
- Ensure that no body parts can become trapped between moving parts of the workbench.
- The product is heavy and can cause injury if handled incorrectly. Protect yourself when lifting heavy parts to avoid back injuries.
- Keep children away from the workbench to avoid accidents.
- Only carry out work using suitable protective equipment.
- Connect and use electrical appliances in accordance with the manufacturer's instructions.
