Article Numbers: 151565, 151564, 151563, 151562

Safety Instructions:

- Ensure that the workbench is placed on a stable and level surface to prevent it from tipping or falling over.
- Regularly check the fastenings and hinges of the drawers and ensure that all drawers are properly closed to avoid crushing.
- Only use the workbench for the intended applications and observe the maximum load capacity of 1.2 tonnes.
- Protect the work surface from excessive temperatures and chemicals to prevent damage.
- Keep the working environment clean and tidy to avoid tripping hazards and minimise the risk of accidents.
- Ensure that heavy tools and materials are stored properly to prevent them from slipping or falling.
- Ergonomics: Adjust the height of the workbench to avoid back problems and adopt an ergonomic posture.
- Use the drawers responsibly and do not overload them to prevent the workbench from tipping over.
- Wear suitable protective clothing, e.g. gloves and safety goggles, when working at the workbench.
