Safety Instructions:

- Not suitable for persons over 110 kg.
- Do not exceed the maximum load of 110 kg to avoid injury and damage.
- Do not sit for more than 8 hours to prevent health risks.
- Adjust the backrest and seat height adjustment only in accordance with the instructions and check regularly to ensure correct use.
- Carry out regular maintenance of the synchronised mechanism to avoid malfunctions.
- Caution: Improper use can lead to back problems. Ensure that the assembly instructions are followed clearly and comprehensibly.
- Only have the safety lift installed by qualified personnel and operate it properly to avoid injury.
- Smaller parts could pose a choking hazard for children.
- Please note that the furniture is delivered disassembled; assembly should be assisted by a second person.
- Take care when using on slippery floors; cushioning carpets or mats are recommended to avoid accidents.
- Ergonomic products are designed for prolonged sitting; breaks should be taken regularly.
- Avoid sitting on the chair while it is not properly assembled or adjustable.
- Ensure that the chair is placed on a stable and level surface to avoid the risk of tipping.
- Keep the chair clean and follow the care instructions to prevent health risks from dirty conditions.
